Subject: Challan (CPIN) Expiry in March 2023

We have been advised by CBIC-ICEGATE that all the CPINs generated by ICEGATE for online duty payment using NEFT/RTGS will get expired on or before 31st March 2023.

ICEGATE Application will make sure that all CPIN which are generated after March 17th, 2023 would have shorter validity so as to expire before 31st March 2023. CPIN of March 31, 2023 will expire on same day.

Currently challans generated in SEZ Online for online duty payment have validity period of 7 days. Based on above information received challans generated on 25th March will have validity for 6 days, challans created on 26th March will have validity of 5 days and so on. Challans generated on 31st March will expire on the same day. Accordingly, Users are advised to make sure that all Challans are paid on or before March 31, 2023 so that they do not expire unpaid and cause inconvenience.
